

Turnium Technology Group Provides Updates on Non-Brokered Offerings

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR RELEASE, PUBLICATION, DISTRIBUTION OR DISSEMINATION DIRECTLY, OR INDIRECTLY, IN WHOLE OR IN PART, IN OR INTO THE UNITED STATES

May 8, 2025 - Vancouver, Canada - **Turnium Technology Group Inc. (TSX.V: TTGI) (FSE: E48)** ("**Turnium**" or "**the Company**"), a global leader in Technology-as-a-Service (TaaS) and partner enablement services, including an AI-powered prospecting and lead generation platform, is pleased to announce a non-brokered private placement, of up to 28,561,428 units of the Company (a "**Unit**") at a price of CAD\$0.07 per Unit for gross proceeds of up to approximately CAD\$2,000,000 (the "**Unit Offering**").

Unit Offering

Pursuant to the terms of the Unit Offering, each Unit will consist of one common share in the capital of the Company (a "**Common Share**") and one Common Share purchase warrant (a "**Warrant**") of the Company. Each Warrant will entitle the holder thereof to acquire one Common Share (a "**Warrant Share**") at a price of CAD\$0.10 per Warrant Share for a period of 36 months from the date of issuance.

The Company may, at its option, accelerate the expiry date of the Warrants on 30 days' notice if the volume weighted average trading price of the Common Shares on the TSX Venture Exchange (the "**TSXV**") is greater than CAD\$0.30 for the preceding ten (10) consecutive trading days.

All of the securities issued under the Unit Offering will be subject to resale restrictions imposed by applicable securities laws, including a statutory hold period of four (4) months and one (1) day from the closing date of the Unit Offering. The Company intends to use the net proceeds from the Unit Offering for general operations including research and development of new products, sales and marketing, public company related expenses including audit and legal work, and other general operations related activities. The Unit Offering is subject to the approval of the TSXV.

Listed Issuer Financing Exemption Offering

The Company also announces that, further to its news release dated April 16, 2025 (the "**Prior News Release**"), it will no longer be proceeding with the previously announced non-brokered private placement pursuant to the listed issuer financing exemption under Part 5A of National Instrument 45-106 – *Prospectus Exemptions* ("**NI 45-106**").

Debenture Offering

The Company also announces that, further to the Prior News Release, it has updated the terms of the concurrent non-brokered private placement (the "**Debenture Offering**") of unsecured convertible

debentures (the “**Debentures**”). Except as disclosed herein, all other terms and conditions of the Debenture Offering will remain the same.

The Debentures will be convertible, at the sole discretion of the holder thereof, into units of the Company (a “**Debenture Unit**”) at a conversion price of CAD\$0.08 per Debenture Unit (the “**Conversion Price**”). Each Debenture Unit will consist of one (1) Common Share and one (1) Warrant (a “**Debenture Warrant**”) to be issued under the "accredited investor" exemption or any other applicable exemptions from any prospectus requirements as contained in NI 45-106. Each Debenture Warrant will entitle the holder thereof to acquire one Common Share (a “**Debenture Warrant Share**”) at a price of CAD\$0.10 per Debenture Warrant Share until the date that is the earlier of (i) 36 months from the date of issuance and (ii) 60 months from the closing date of the Debenture Offering.

The Company may, at its option, force the conversion of the Debentures on 30 days’ notice if the volume weighted average trading price of the Common Shares on the TSXV is greater than CAD\$0.30 for the preceding ten (10) consecutive trading days.

The Debentures, and any securities into which they may be exchanged or converted, will be subject to resale restrictions imposed by applicable securities laws, including a statutory hold period expiring four (4) months and one (1) day from the closing date of the Debenture Offering. Subject to the foregoing, the Debentures will be transferable pursuant to their terms. The Debenture Offering is subject to the approval of the TSXV.

The Debenture Offering is expected to involve one or more directors and management of the Company and therefore is expected to be a related party transaction subject to Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* (“**MI 61-101**”). The Debenture Offering will be exempt from the formal valuation and minority shareholder approval requirements of MI 61-101 pursuant to sections 5.5(b) and 5.7(1)(a) of MI 61-101, respectively, as the Company is not listed or quoted on any of the stock exchanges or markets listed in subsection 5.5(b) of MI 61-101, and neither the fair market value of the securities to be distributed to, nor the consideration to be received by such related parties for the securities under the Debenture Offering will exceed 25% of the Company’s market capitalization.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States. The securities have not been and will not be registered under the United States Securities Act of 1933, as amended (the “**U.S. Securities Act**”) or any state securities laws and may not be offered or sold within the United States or to U.S. Persons as defined under applicable United States securities laws unless registered under the U.S. Securities Act and applicable state securities laws or an exemption from such registration is available.
